

WHOLE OF SCHOOL CAMPS

Years 7-12

Choose your experience, create your own adventure.

Just a few of our exceptional experiences...

Paddling through pristine habitats on white water rivers or flat water coastal lakes.
Conquering fear of heights with abseiling and trusting others on the high ropes course.
Mountain biking down high trails and learning essential survival skills for when you're lost.

Whole of School Camps for Years 7-12

Inspire all your students together

Barrington Outdoor Education is an experienced provider and facilitator of camps where the whole school participates. We offer a variety of themes suitable for each Year Level with their own programs of exciting challenges and activities. Our whole of school camps ensure team work and real social connection. And they're fun!

Valuable outcomes

These camps provide a themed progression for students, setting up their entire outdoor education program which is then developed in subsequent camps. Students develop lifelong essential skills:

- Opportunities to learn about risks
- Opportunities to learn about taking responsibility for their own safety and well-being
- Enjoyable experiences of freedom
- Building confidence and self-esteem

In addition, adventurous activities make demands on students and can provide physical or skill-based challenges. They also develop personal qualities such as perseverance, problem solving and resilience. And all this without a computer screen in sight!

A popular program to reach all your school's students in a camp of four days / three nights
